

SMIP RANCH

Polled Shorthorns

Third Annual Production Sale

**FIRST SALE AT
SMIP'S CANADIAN RANCH**

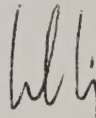

MONDAY, OCT. 20, 1975

OLDS, ALBERTA

WELCOMING MESSAGE:

At our first production sale in California in 1973, we welcomed over 200 guests and reached the second highest sales average of any Shorthorn production sale held in North America during that year. Preparations have been underway for over one year to make our first Canadian production sale even more successful and more rewarding for old friends and new purchasers alike.

We have striven to combine aesthetics and efficiency in our ranch with quality and performance in our cattle. All of us are very much looking forward to welcoming you to this scenic area of Canada to our third production sale.

Welcome to SMIP Ranch

A NEW APPROACH TO POLLED SHORTHORNS OF SUPERIOR QUALITY. Since 1968, a unique program has been underway to produce Polled Shorthorn cattle of large size, superior quality, consistent breeding performance and maximum profitability. SMIP Ranch in Woodside, California and Olds, Alberta, has been building a comprehensive cattle program constantly testing bulls with more than 250 females. The reason for having two locations is to provide cattle breeders with calves born either in the fall (California) or in the spring (Canada). Visitors are welcome at any time to the Olds, Alberta or Woodside, Calif. ranches but are encouraged to first telephone the ranch managers in Olds (403/226-2350) or Woodside (415/851-7730).

SMIP is owned by Dr. Carl Djerassi, professor of chemistry at Stanford University and chairman of the Zoecon Corporation which is located on the Stanford University Industrial Park in Palo Alto, Calif. His interest in purebred cattle started when Dr. Djerassi was president of Syntex Corporation's research division at which time its veterinary research program included extensive work on estrus synchronization in cattle. Zoecon Corporation, a company which Dr. Djerassi helped to found, is active in developing new non-toxic insect control agents, such as insect growth regulators and insect sex attractants. Zoecon's Thuron division of Dallas, Texas, markets products for tick and grub control in cattle as well as a line of cattle ear tags.

General Sale Information

TIME AND PLACE — The sale will be held at SMIP RANCH, OLDS, ALBERTA, CANADA at 1:00 p.m. on Monday, October 20, 1975. The ranch is located 4 miles west of Olds on Hwy. 27 and then 2 miles south and 1 mile west. Please check the map on the back cover of this catalog for exact driving directions to SMIP Ranch from the Calgary Airport. Olds is 50 miles north of Calgary on Hwy. 2 and 3 miles west on Hwy. 27.

TRANSPORTATION — Olds is easily reached by car or bus from Calgary or Edmonton. Calgary is served by numerous airlines (Air Canada, CP Air, Western Airlines, Hughes Air West, etc.).

HOTEL ACCOMMODATIONS — Siesta Motel, Olds, Alberta (phone: 403/226-3376). Crossroads Motor Hotel, 2120 16th Ave. N.E., Calgary (phone: 403/277-0161) and the Airliner Inn, 4804 St., N.E., Calgary (phone: 403/276-3391) are both near the airport at the north edge of Calgary. Both have courtesy cars available to provide free transportation from the airport. If you need a ride to SMIP Ranch, phone and we will send a car to pick you up either at the airport or the Airliner Inn.

AUCTIONEER — Jock Blacklock, Saskatoon, Sask., Canada.

GUARANTEE — All animals are guaranteed breeders. Any animal failing to breed will be replaced by an animal to the satisfaction of the buyer or money refunded. All bred females will be pregnancy tested in calf.

Certificates of registry and transfers will be furnished with each lot sold. All cattle become the property and risk of the buyer as soon as bid is off.

HEALTH — Cattle will be sold in compliance with the health laws of the province of Alberta. The herd is in a tuberculosis and brucellosis free area. The most stringent herd health standards are maintained and the animals in the sale are eligible to travel anywhere in North America.

TERMS — Terms of the sale are CASH. U.S. buyers in U.S. funds, Canadian buyers in Canadian funds. All settlements to be made with the clerk at the conclusion of the sale and before the animals leave the premises.

TRANSFER OF PEDIGREES — The buyer will be provided with the pedigree properly transferred on the books of the Canadian Shorthorn Association. Further transfer to the herd books of other countries is at the buyer's expense.

BUYER'S RESPONSIBILITY — Prospective buyers or bidders at the sale should listen carefully to all announcements made from the auction block by the Auctioneer, or Seller, on each animal that is sold since announcements from the auction block take precedence over the printed matter in this Catalog. This applies particularly to additional breeding information which may become available only at the time of the sale and after the Catalog has been printed. Buyers should also acquaint themselves with the Breeding Status Glossary defined below.

BREEDING STATUS GLOSSARY —

SAFE IN CALF: Female has been palpated and diagnosed pregnant as per signed Veterinary Certificate.

BRED: Female has been served by a bull or artificially inseminated to a bull but does not mean she is safe in calf to that service.

PASTURE BRED OR PASTURE EXPOSED: Female has been running in the pasture with the bull and has been exposed to the bull for the period of time as stated but does not necessarily mean that this female is safe in calf.

OPEN: This is (a) a virgin heifer that has never been exposed to a bull by any means; (b) in the case of a cow, she has not been exposed to a bull by any means since the birth of her last calf; (c) a female of any age palpated by a veterinarian and found not to have conceived.

LIABILITY — The guarantee and terms shall constitute contract between the seller and the buyer of each lot. Owner of the cattle or property can accept no responsibility for accidents that may occur. Accidents at cattle sales are rare, but all attending must assume their own risk. Neither SMIP Ranch, nor any of the others hired by SMIP to assist with this sale can accept any responsibility for accidents or fulfillment of contracts.

LIVESTOCK INSURANCE — Will be available on the day of the sale at the buyer's expense.

BE OUR GUEST ON SUNDAY, OCT. 19 — You are invited to join us at an open house at the ranch the afternoon and evening prior to the sale day.

LUNCH — Please come early on sale day (Oct. 20) as lunch will be available at a small nominal fee as of 11:00 a.m.

MAIL BIDS — We hope that it will be possible for you to attend the sale on Oct. 20. If not, the following individuals can give you competent and reliable service if you wish them to act on your behalf:

Stuart Wilson, The Shorthorn World
Box 158, Brandon, S.D. 57005
Phone: 605/582-6013

Bert Pepper, Shorthorn News
Gummer Bldg., Guelph, Ontario, Canada
Phone: 519/822-6841 or
Box 21, Neustadt, Ontario
Phone: 519/799-5703

Mack Jones or Ralph Heinemann,
Western Livestock Journal
4th Floor, Livestock Exchange Bldg.
Denver, Colo. 80216
Phone: 303/452-8510

Sherman Berg, American Shorthorn Association
8288 Hascall St.
Omaha, Nebraska 68124
Phone: 402/393-7200

DELIVERY — At its convenience, SMIP Ranch will deliver cattle free to all buyers in Alberta. Other deliveries will not exceed \$75 per head anywhere in Canada or United States except for purchasers of \$4000 or more, who will receive free cattle transportation anywhere in U.S. and Canada. Written instructions must be left with the clerk at the sale showing clear directions to your destination.

MAIL AND TELEPHONE CONTACT:

Telephone: 415/851-7730

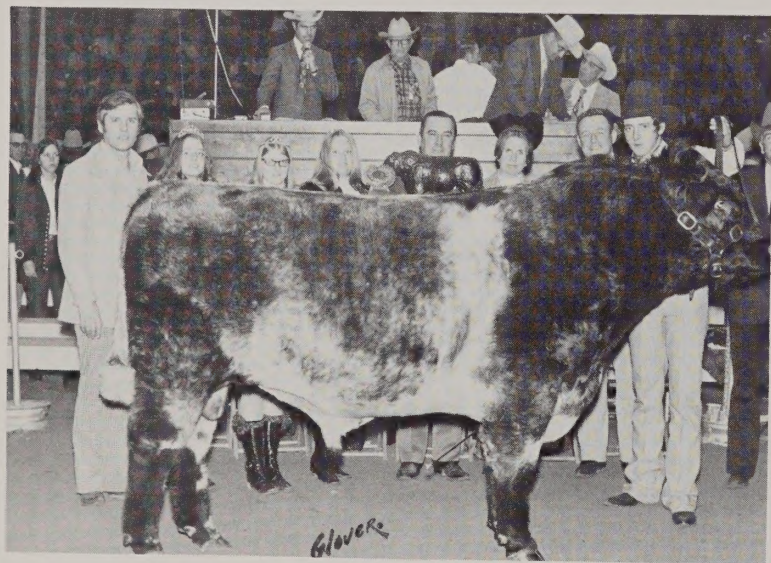

REFERENCE SIRES

B B COMMANDER'S WONDER x439986

Due to unfortunate circumstances early in 1975, we lost this great herd sire. He left us many great replacement females, some of which will be in the sale. This will offer you a unique chance to pick up some young females to put in your herds. We do not wish to see many of them go but we feel that this blood line should be out in other herds producing good cattle for other people. These females have lots of size and excellent milking ability; even though his oldest females are only two years old,

Many of the females in the sale are bred to this great Australian herd sire, owned by Dr. Gary Carter, Okotoks, Alta. His weight on April 1, 1975, was 2390 lbs. There are also a few calves in the sale by "Super Flag" from a special consignment of Newbiggon Shorthorns. This great herd sire will be on display at SMIP Ranch at sale time. If you have not seen "Super Flag", this is your chance. We know you will be impressed.

they have neat udders and the signs of good mothering cows. Also we have some good growthy looking bulls by "Commander" which should make herd bulls for many breeders. This will be your only chance to get "Commander's" progeny. "Commander" weighed 2270 lbs. on April 8, 1975. "Commander" is from the well known Bill Bennett Shorthorn herd of Connell, Washington as are nearly 40 cows of our herd.

We purchased this great son of "Super Flag" at the Saskatoon, Sask. Test Center this spring; he comes from the very good herd of B. Haydock of Sask. His service sells with most of our yearling females. Falcon had an A.D.G. of 3.30 lbs. while on test. This young bull looks like he will be one of the great herd sires in the years to come.

Kinnaber Mr. Thieman x performed outstandingly in the American Shorthorn Association 1973-1974 Sire Evaluation Program while competing against seven of the top Shorthorn bulls in North America. His steer progeny had the highest average yearling weight, the largest average gain in the 194 day test, and the meat from these steers had the lowest average fat thickness and the highest pounds of trim of the retail cuts per day of age. In 1973 at the Manitoba Beef Cattle Indexing Center, a son of Kinnaber Mr. Thieman x gained 4.19 pounds a day, ranking fourth out of 220 bulls of all breeds including exotics. At the same center in 1974, one of his sons was the top selling bull. At the 1974 Kansas City Polled Shorthorn Congress, one of his sons was the second highest selling bull (\$4,300) and another son the highest selling bull at the 1975 Polled Shorthorn Congress. Another son, SMIP Mr. T. 173rd, was named 1974 All American Reserve Champion Senior Bull Calf and will be sold by private treaty from SMIP's California ranch after this year's show season.

THE PERFORMANCE RECORD

Truly a record breaker since birth, Kinnaber Mr. Thieman x puts it all together - size, muscling and performance. He's a great sire named after a great breeder of Polled Shorthorns and is currently senior herd sire at SMIP's California Ranch.

HIS OFFICIAL WEIGHTS

Actual 186-day weight	635 pounds
Actual 365-day weight	1,100 pounds
Actual weight at two years	1,810 pounds
Actual weight at three years	2,265 pounds

SPECIAL OPPORTUNITY TO PURCHASE KINNABER MR. THIEMAN x SEMEN

A LIMITED NUMBER of canes of semen of Kinnaber Mr. Thieman x will be offered for sale and will be sold in units of six vials (equalling one cane). Straws are also available and can be substituted for vials. The semen is fully guaranteed and during the 1973-1974 American Shorthorn Association Sire Evaluation Program in Wyoming, artificial insemination with this semen produced more offsprings than that of any other competing bull. All semen sales will be f.o.b. Denver, Colorado.

This young herd sire has done a great job for SMIP. He has added just the right amount of Australian blood that we need for better growthy cattle. We feel he could be doing the same job for someone else, but we want 1/2 semen interest for future use when we get more bloodlines to work with. In the sale, his service sells along with a few sons and daughters. They will get the job done for any breeder.

This is "Ambassador's" first son and he looks great. His mother was a big cow from the Bennett herd in Washington; unfortunately we lost his mother with a broken leg when this bull was a calf and he received no extra attention. He is really starting to grow now and will look great by sale time. Any breeder should want him for a herd sire.

LOT 3 and dam 982A, a Magill bred cow

This young "Ambassador" son weighed 90 lbs. when he was born; he is growing and looks like he will do so for a long time. His dam is a really good producing cow. We think he will do a first class job for some breeders interested in Australian blood. He is also a very good show prospect for the next show season.

NOTES

Take Highway 2 from Calgary north for 50 miles to junction with Highway 27 [Olds turnoff]. Take Highway 27 west for seven miles, passing through Olds, until you reach a small cemetery on the left. At this intersection turn south for two miles and one mile west. The SMIP Ranch sign is on the north side of the road.
